

This week

What We've Been Working On...

Today is NSPCC Number Day, and it was lovely to see all the children dressed up and looking amazing! Thanks everyone for taking part.

Today we have done lots of maths activities. This week in Literacy we were learning about prepositions (on, under, behind, in front). In Science we learnt about food chains, and in Geography we looked at hot and cold countries and learnt about the equator. It was also our last Dodgeball lesson with Jack before our tournament next week!

This week in Phonics:

Grow the code: 'oa - soap the goat'

'ee- sheep in a jeep'

This is where Year 1 revisit different digraphs that make these sounds.

Some spellings from Year 2:

How 'w' can change 'or' to sound like 'er'

Work, world, worth, word
