

This week

Our worship focus:

When Jesus saw the crowd his heart was filled with compassion, because they were like sheep without a shepherd. So he began teaching them many things.

Mark 6:34

What We've Been Working On...

This week we have been writing our stories about the mischievous monkey who has stolen everyone's fruit. In Maths we focused on problem solving. In Science we were learning about rock pools as a habitat and learning how different animals and plants rely on each other to survive. In History we have continued researching and learning about Florence Nightingale and Mary Seacole.

The Year Ones participated in their Phonics Screening. Well done everyone!

This week in Phonics:

Well done Year One on completing your Phonics Screening!

Some spellings from Year 2:

Swap the y to an i before adding er

Dry- drier
