## What We've Been Working On

Happy New Year! We have been busy in KS1 this week, recapping learning from the end of last term in maths and beginning a new story, 'Dear Earth' in literacy. In science, we learnt about the different groups of animals. We know now that if an animal is covered in fur or hair, it is likely to be a mammal! In geography, we asked geographical questions about hot and cold places and in PE, we had our first session of dodgeball and explored balancing in different positions. In art we explored mark making with different materials as we were introduced to observational drawings.
