

This week

W/C Monday 18th May 2026

We have loved spending time in the sun this week. In the classroom, we have written 'Wanted' posters for the Enormous Crocodile in literacy. In maths, we have been looking at counting in 2s, 5s and 10s; any practise at home would be really helpful! We completed our art learning by creating some lovely paper weaving inspired by African kente weaving. Year 2 participated in the Mini Olympics event at Bartley on Monday and we were very proud of their efforts. We will let you know when the Year 1 event is rearranged for. We hope you have a wonderful half term break in the sun and look forward to welcoming you back on Tuesday 2nd June.
