- “ee”- ea - each
- “ee”- e - he

Tricky words- eye, pure, sure, said, were

Some spellings from Year 2

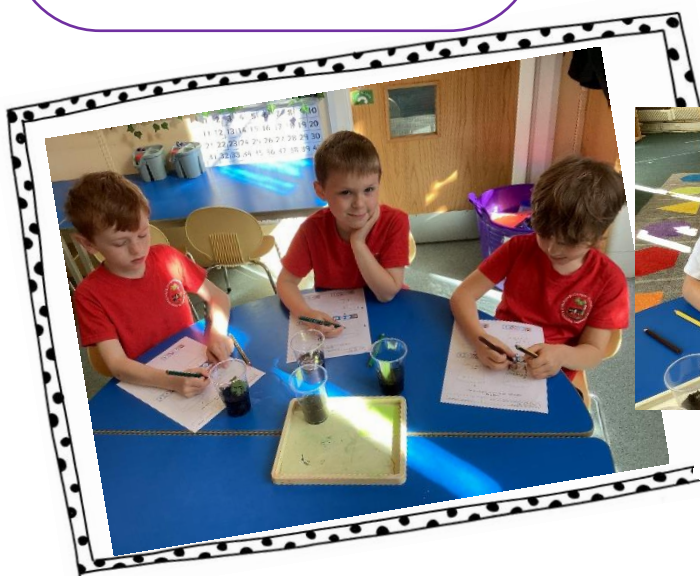

Suffixes- careless, hopeless, lately,
happily, helpfully, helplessly

Literacy

We have been learning to use exclamation marks in our writing to show surprise, excitement, strong emotion and volume. Year 1 have also been learning about adjectives whilst Year 2 have been exploring the difference between a statement and a command.

Maths

This week's focus has been on money- we began exploring coin recognition and understanding the value of each coin. We then used this knowledge to add different coins together. Year 2 also calculated 'change' when buying different things.

In Science, we have been thinking about what seeds need to grow well. We put radish seeds in four differing conditions (varying light, heat and water) to explore what would happen. We then made observations about their growth.
