

# This week...

## Year 1 Phonics

This week the children took part in the phonic screening check- we were very proud of their efforts!

## Some spellings from Year 2

vision, explosion, confusion, occasion, treasure, measure, visual, usual

## Literacy

This week, we have become authors and illustrators of our own stories about a mischievous monkey! Year 1 were challenged to use plurals, exclamation marks and simple noun phrases. Year 2 were challenged to include adventurous adjectives and possessive apostrophes. The children will bring their stories home next week for you to read!

## Maths

This week the class have taken part in a number of problem solving challenges that included addition skills, pattern spotting and finding all combinations.

This week, Praizin' Hands Puppet Group came to remind the children about keeping their teeth clean! Here is one of the little sayings we learnt- "A little dot, not a lot, will keep your teeth from getting rot."
