Literacy

This week, the children have created their own dragon characters and have begun writing character profiles about them. They have been describing its appearance, what it likes and dislikes and what mischievous things it gets up to when they are looking after it!

Maths

This week Year 1 have been exploring capacity whilst Year 2 have been using rulers to measure length and scales to measure mass.

With the World Cup underway, we had a special visit from Stuart Gray, a professional footballer and coach. He gave an inspiring talk about the attributes and dedication needed to become a professional player and brought along shirts, worn by some very famous players, for the children to try on!
