

Literacy

For the first few weeks, we will continue 'The Enormous Crocodile' and will plan a similar story about a mischievous monkey! We will then move on to read 'The Dragonsitter.' We will recap many of the skills we have learnt this year, including using different punctuation and a range of conjunctions. We will also be making sure we spell tricky words correctly and applying any spelling rules we have covered.

History

This half term we will be studying significant individuals in the past national/international – and comparing aspects of life from different periods. We will investigate using secondary sources of information and artifacts who is more significant, Florence Nightingale or Mary Seacole?

Music

Wispy Willow: Pitch

We will explore, respond to and recognise high, middle and low sounds and respond to, recognise and identify higher and lower sounds and the general shape of melodies. Begin to recognise steps, leaps and repeated notes

PSHE

Changing Me

In Jigsaw we will be exploring the topic 'changing me'. Children will discuss things about themselves that have stayed the same and things that have changed. We will also be discussing parts of the body that makes boys and girls different.

DT

Dips and dippers

We will practice our cutting skills and make dips and dippers. We are going to explore where our food comes from and try a variety of fruits and vegetables. Within DT we will also be design evaluating.

Summer 2 2026

Inspirational Women!

Science

Consolidation

Our science this half term is a chance for us to consolidate our learning from this year. We will look at habitats, life cycles and conduct our own scientific experiment linked to litter in the ocean.

PE

Those children who didn't go swimming last half term will be going this term. The rest of KSI will be doing Athletics.

RE

Temptation

We will discuss and be reflective about our own beliefs, religious or otherwise, that inform our perspective on life and interest in and respect for different people's faiths, feelings and values.

Transition

We will be learning about understanding boundaries for different people and how to make new friends. We will be also talking about moving on to the next step in our learning journey.

Maths

This half term we will continue to develop our addition and subtraction skills. We will be using known number facts to help us solve addition and subtraction problems. We will be using learning about fractions and geometry.
