

Literacy

This term, we will be enjoying three exciting texts: *Martha Maps It Out*, *Our Tree* and *Fox and the Mystery Letter*. We will develop our reading and writing skills by exploring the characters, settings and events in each story. We will write about our journeys to school, retell favourite

Geography

This term, we will be exploring the places around us and learning to identify physical and human features in our local area. We will compare villages, towns and cities, noticing how they are similar and different. We will be developing our geographical vocabulary: the features of

Music

The Three Bears: Pitch

We will explore, respond to and recognise high, middle and low sounds and respond to, recognise and identify higher and lower sounds.

PSHE

Being Me in My World

In Jigsaw we will be exploring the topic 'Being Me in My world.' We will be thinking about how we can be responsible and respectful members of our class and school communities. We explore our hopes and fears, consider our rights and responsibilities, and learn about the importance of listening to others and sharing

Art Self-portraits

This term, we will be exploring self-portraits and learning how artists use different techniques to express themselves.

We will experiment with a range of pencils, explore how primary colours can be mixed to create secondary colours, and use these skills to sketch and paint our self-portraits. We will also take time to reflect on our artwork and consider what

Autumn 1 2026 Bright Lights, Big City!

Science

Everyday materials

We will be exploring the materials we see and use every day. We will learn to distinguish between objects and the materials they are made from, describe different material properties and investigate how materials can be grouped. We will test materials for properties such as absorbency, waterproofness

PE

This term, we will be developing our ball skills through a range of fun and active activities. We will practice rolling and stopping a ball, kicking and dribbling with our feet, as well as throwing, catching and dribbling with our hands. The children will develop their coordination, control and confidence while learning games.

RE Creation

We will be exploring the idea of creation and thinking about how different people understand the origins of our amazing world. We will learn about the Christian and Hindu creation stories, considering their similarities and differences, and reflect on what these beliefs teach people about God and the world. We will also

Maths

This term, we will be developing our understanding of number, place value, addition and subtraction. We will also explore measurement and apply our number skills to solve practical problems. Through a range of activities, the children will build their confidence with numbers, developing their reasoning and problem-solving skills.
