

This week

W/C Monday 28th September 2026

This week at Netley Marsh, we have had a busy week! In art this week, we have been looking at self-portraits in which the children had a go at drawing facial features following a tutorial, such as eyes, mouth and nose. The children really enjoyed this activity and the outcomes were amazing! In math this week we have been looking at how to find missing parts on a part-whole model, the children captured this very quickly. Lastly, we looked at our big question of 'should everyone have a home?' and the discussion we had were very interesting.
